The Christie **NHS**
NHS Foundation Trust

Christie-SIU International Fellowship in Urological Oncology

This International Fellowship is a joint venture between The Christie NHS Foundation Trust (UK) and the Société Internationale d'Urologie. This 12-month post is designed for middle or senior career trainees in urology who reside in developing countries where penile cancer is endemic, and who wish to gain experience in a large comprehensive cancer centre. It may be suited to post-training candidates who have a particular wish to pursue a career in uro-oncology. This fellowship provides a stipend of £29,705 to £46,708 for 12 months, with additional payment for on call.

It is hoped that upon completion of the Fellowship, the candidate will return to their country of origin and be employed within the state sector for at least 12 months and will aid the improvement in the care of patients with urological cancers, in particular those with penile cancer. To view a full list of applicant criteria, [please click here](#).

The candidate's application should be sent by mail or e-mail to the coordinates below and must include:

- A completed application form (NHS on line <http://www.jobs.nhs.uk/>)
- A signed hard copy CV and cover letter by post or email (see contact details in section xv).
- A 1500-word essay titled 'How will the Christie-SIU International Fellowship in Urological Oncology help the management of Penile Cancer in my country of residence'
- A signed letter from the Head of your Department/State Hospital acknowledging a hope to return to employment for 12 months upon your return to your country of residence.

Applicants will be shortlisted by the Joint Committee of the Christie and Société Internationale d'Urologie.

Deadline for applications: September 1, 2013
